Pursuant to the PSP, the ERCC has decided to grant awards on an annual basis, conditional on targets set for a performance period, currently prescribed to be a three-year performance period. The performance shares will only be released to the recipient at the end of the performance qualifying period. A specified number of performance shares shall be released by the ERCC to the recipient and the actual number of performance shares will depend on the achievement of set targets over the respective performance period. Pursuant to the RSP, the ERCC has decided to grant awards on an annual basis, conditional on targets set for a performance period, currently prescribed to be a two-year performance period. The actual number of restricted shares delivered will depend on the achievement of set targets over the respective performance period. This will be determined by the ERCC at the end of the qualifying performance period and released to the recipient over a three-year vesting period in the ratio of 50%, 25% and 25% consecutively.

Although the performance measures, namely, ST Engineering Group EVA Spread and EBITDA Margin, used are the same as those for key executives and managerial staff, the performance period is limited to one year. Depending on the actual performance, the total release of awards will range from zero to a maximum capped at 150% of the conditional award, over a three-year vesting period at 33⅓% per year.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards. This responsibility includes devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair income statement and balance sheet and to maintain accountability of assets; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
