

Built by ST Engineering Marine Ltd.

# **SUPER SWIFT SERIES**

## **5<sup>th</sup> GENERATION PT PATROL BOAT**

# 5<sup>th</sup> GENERATION PT PATROL BOAT

ST Engineering Marine Ltd won the contract to design, build and maintain a series Super Swift boats for the Singapore Police Coast Guard (PCG) in 2018. The 5th Generation PT (5GPT) patrol boats is the latest addition to PCG's existing fleet in strengthening its coastal protection capabilities.

Derived from the Super Swift series of fast patrol boat, the 5GPT patrol boat is capable of high-speed operations, swift maneuverability and enhanced crew habitability for all weather operation in Singapore territorial waters, including pursuit & arrest, coastal surveillance & force protection, harbour patrol & security, search & rescue.

## KEY FEATURES

- 1 Suited for high-speed activities such as pursuit & arrest
- 2 Optimised bridge design with crew comfort and ergonomics focus to perform multiple roles
- 3 High ride comfort and operability with enhanced sea keeping performance
- 4 NERVA Ship Management System customised to enhanced user experience with high levels of automation and open architecture design

### Principal Specifications

Length	23.0m
Beam	6.25m
Draft	1.00m
Deadweight	5 tonnes

### Complement

Crew Accommodation	Up to 5 people
Passengers	Up to 20

### Fire Monitors & Pump Capacity

1 x Remote Controlled Fire Monitor
1 x Engine Driven Fire Pump 150m <sup>3</sup> /h
Water Spray System for Self Protection

### Ship Management System

NERVA SCMS
